

MINISTER OF EDUCATION WILL ATTEND TEACHER'S CONVENTION

Preliminary arrangements have now been completed for the holding of the Wainwright Teachers' Convention on October 27th and 28th.

The principal speaker will be Hon. Fernan Baker, minister of education, who will address two meetings on the first day of the convention; in the afternoon he will speak to the teachers in general session and in the evening he will address an open meeting in the Elite theatre to which the trustees of this inspectorate and all citizens are invited.

Mr. G. F. McNally, provincial supervisor of schools, will on Friday, give a paper dealing with the new course of study which is to come into effect shortly, its title being "Revising the curriculum of the elementary school."

Miss E. M. Burnett will give a paper on "Primary methods," and as this lady is instructor in primary work at the Camrose Normal school her talk during the morning session on Thursday, October 27th should prove highly instructive.

The freedom of the town will be extended to the teachers by Mayor Lally when he formally opens the proceedings in an address of welcome.

Other features of the gathering will be the entertainment to which Mrs. G. L. Hudson and others will contribute and the social evening following the address by the Minister of Education in the theatre. It is also planned, should the weather permit, to give the visiting teachers a drive through the Buffalo Park where they will have an opportunity of getting a very practical lesson on nature study.

Local teachers will contribute several items to the programme, and in addition several papers of the best will be given by teachers in this inspectorate at the sectional meetings of the convention.

CROSSING THE BAR

HUGH REGAN

Known throughout Canada as a prominent lumberman Hugh Regan who for the last half-century lived in Peterboro but has been engaged in numerous lumbering enterprises in several parts of Ontario died at Nicholls hospital on Saturday night after an illness of two years. Mr. Regan was 66 years of age and for 46 years had been in the lumbering business and from the time he was 22 foreman and superintendent.

Born in Alnwick Township, Northumberland County he early forsook the plow for the axe. After a hard apprenticeship he was made a foreman by J. M. Irwin in 1877 when this company was cutting around Louck's Lake at the foot of Long Lake. After several years with J. M. Irwin he went to British Columbia but returned again in a few years to work for Thompson and Smith of Fenelon Falls. He was next with J. M. Irwin and then for a few years with the Dickson Co. After working for William Irwin for something, he went to the north shore and since then, during the past 20 years worked for Midland Companies in the north bush. Till 1913 he was walking boss for Turners of Midland at Worthington near Sudbury. Since then, till he was forced to retire from failing health he was superintendent for the Hettler Lumber Company of Midland at Field Ont.

During a lifetime spent in the lumbering business Hugh Regan became known throughout Canada and lumbermen in all parts of the Dominion will mourn the passing of one who grew up in the camps and spent a life in the great forests of this country. Two sons and daughters survive: Wilbert of this city. Bruce of Ingersoll. Mrs. H. C. Kirk of Peterboro. Mrs. R. W. Kim of Tecumseh, Michigan. Two brothers living: Richard of Dawson City and James of Vancouver and five sisters are Mrs. Lynn of Red Deer, Alberta. Mrs. McNern of Wainwright, Alberta. Mrs. Campbell of Montana. Mrs. Runnings of Detroit and Miss Emma 388 Murray St.—Peterboro (Ont.) Examiner Mr. and Mrs. W. McNern will have the sympathy of their many friends in their bereavement.

ANCIENT BABYLON IN PICTURE

Ancient Babylon in all its prodigious magnificence is one of the settings in Cecil B. De Mille's big Paramount-Artcraft production "Male and Female" which is coming to the Elite theatre Friday and Saturday. It is a screen adaptation of Sir James M. Barrie's famous play, "The Admirable Crichton." In the course of the story, Crichton, the sublimated butler, dreams of the days "When I was a king in Babylon" as he sits amid the ruins of a prehistoric court on a desert isle. The dream is shown on the screen, with Gloria Swanson as the gorgeously attired slave girl.

BIG NEW GROCERY NOW BEING BUILT FOR MONTGOMERY

For the past few days Mr. P. D. Laird has had a gang of men at work on Mr. H. Montgomery's new store building which is being erected on Main street just north of the Annex. The Atlas Co. was the successful tenderer for the materials being used.

The work of building is to be rushed with all possible speed as it is claimed that Mr. Montgomery's business has so outgrown his present stand that he needs more room at once.

The structure will be a modern store building 25 feet by 45 feet and will be placed over a full-sized basement, and should add to the appearance of the street as well as proving the advancement of this townsmen.

SERIOUS DANGER FROM FIRE

Editor, The Star.

Sir—I take the liberty of suggesting to you in the interests of the public generally, that you draw the attention of your readers to the usual conditions which exist at the present time in many sections of the province with respect to the fire hazard.

As you are aware we have had a number of dry seasons in that part of the province lying to the south of the Athabasca river, with the result that over great areas there is little or no reserve moisture in the soil, and in those sections where there is vegetable matter over the clay, such soil is so dry at the present time that fire will smoulder and consume the vegetable matter with the result that as soon as vegetation is sufficiently dry it will be ignited by the fire burning in the soil and unless extinguished will burn over unlimited areas.

In many sections the stubble in the grain fields is already inflammable and grain has been destroyed, also buildings.

It is important that every possible precaution should be taken to prevent the spread of the fires kindled in the open, in fact no fire should be kindled in the open at the present time unless where it is absolutely necessary, and no match, cigar or cigarette stub should be thrown away until completely extinguished.

I am, Sir, your obedient servant
BENJ. LAWTON
Chief Fire Guardian.

THE COUNTRY NEWSPAPER

Ex-Governor David R. Francis of Missouri, once said the following of the country newspaper: "Each year the local newspaper gives from \$500 to \$1,000 in free lines to the community in which it is located. No other agency can or will do this. The editor in proportion to his means, does more for his town than any ten men, and in fairness he ought to be supported—not because you like him or admire his writings, but because the local paper is the best investment a community can make. It may not be brilliantly edited or crowded with thought, but financially, it is of more benefit to the community than the preacher or teacher."—Ex.

LOCAL NOTES

Friends of Mrs. R. Coffield will be glad to know that she is able to be around again.

Miss Ruth Hollingshead, of Botha, Alta., is the guest of Mrs. C. A. Harden.

The Scofield building is now in its new location on Second avenue, and makes a welcome addition to this busy thoroughfare.

As a result of careful farming, we learn that that Mr. C. Love threshed 1,740 bushels of daffy wheat off 50 acres of summer fallow, going some.

The Ladies' Aid of the Presbyterian church will hold a home-cooking sale on the afternoon of Saturday next at Stuart's butcher shop.

The trustees of St. Luke's (R. C.) church, are making the necessary arrangements for holding their annual card party on Wednesday November the 9th.

Don't forget that there is no reserve on the stock and effects at the Harden sale on Friday. This is the old Graham farm just south of town.

People mailing letters to the British Isles would do well to remember that the postage is 4c for each ounce or less. A large number of letters for overseas are being posted bearing a Three-cent stamp. Don't have your friends pay the postage shortage on your letters.

FIRE PREVENTION WEEK IS SET BY ORDER IN COUNCIL

(Canadian Press).—Fire preventive week, beginning on Sunday, October 9, and ending the following Saturday, has been appointed by order in council, and the proclamation is made through a special number of the Canadian Gazette.

The proclamation calls attention to the fact that more than 300 persons in Canada annually lose their lives as a result of fire in addition to which there is irreparable loss of money, labor, time and natural resources. This imposes a burdensome tax upon industry and thrift and substantial loss to the cost of living. Furthermore it is insisted that at least 80 per cent of the fires are due to inexcusable ignorance or neglect.

During the fire prevention week citizens are recommended to inspect their homes and stores and other buildings remove rubbish and otherwise reduce fire hazards. Hotels, theatres, asylums and hospitals should be inspected and any changes made necessary to perfect safety from fire. Fire drills for children and factory employees are recommended and special instruction for teachers and the distribution of appropriate literature to pupils. Co-operation from municipal authorities as well as from those who make a livelihood in the forests is sought.

FOR SALE—Several pieces of Household Furniture—For particulars apply to Mr. Ed Davis.

BATTLEVIEW BITS

"Star" Correspondence

The home of Mr. and Mrs. Ernest C. Symes of Battleview was the scene of an interesting Church service on Friday evening September 30th. The occasion was the baptism of Rita Louisa Symes infant daughter of Mr. and Mrs. Symes, and also of Gilbert Laird-Harrison, youngest son of Mr. and Mrs. John Harrison.

The sponsors were Mr. and Mrs. James Church and Mrs. Buchanan, and Mr. William Coulson respectively. The officiating minister was the Rev. E. H. Maddocks, Rector of the Anglican church, Edmonton.

Upwards of 30 persons were present and after the ceremony the guests, partook of refreshments. A very pleasant evening was spent by all. Mrs. C. Church particularly delighting those present with vocal and instrumental selections.

THE EXAMINER'S WEEKLY REVIEW OF PROVINCIAL MARKETS

(Friday, October 7, 1921)

CATTLE
Steady—Light receipts, this week at Edmonton, and prices firm. Choice steers, \$4.25 to \$5.00; butchers, \$3.75 to \$4.25; medium, \$2.50 to \$3.50; common, \$1.50 to \$2.50. Choice cows up to \$2.75 to \$3.25; good \$2.25 to \$2.50; medium, \$1.50 to \$2.00; canners down to \$1.00 to \$1.50; stocker heifers, \$1.50 to \$2.25; stocker cows, \$1.00 to \$1.50. Very few bulls; few bring over \$2.

FEEDER AND STOCKER—Higher.
Heavy steers, \$2.50 to \$3.50; stocker steers, \$2.00 to \$2.75; stocker heifers, \$1.50 to \$2.25; stocker cows, \$1.00 to \$1.50.

HOOS

Lower—Most of the salaried men at Edmonton \$11, though few by local butchers at \$1.25.

GRAIN

Lower—Tremendous breaks in all grain prices during the week. Heavy receipts and lack of export buying, blamed for condition. Trade opinion favors better wheat revival expected.

PRODUCE

Creamery Butter—Edmonton quotes carlots at 37c, basis specials with not much surplus. No. 1 cartons at 44c. Dairy Butter—Unchanged at 17c for straight receipts. Milk and Cream—Milk price holds at \$2.90; special grade cream at creameries 34c. Cheese prices somewhat improved, no western milk to move. Eggs—Steady at \$8.50; quality poor and storage stocks are popular. Poultry—Steady at 15c for springs and 13c for fowl.

HAY

Dull—Dealers report no demand limited purchases at country points \$13 to \$16 on upland; timothy, \$20 to \$23; green feed, \$12 to \$14.

A BUNCH OF NEW CITIZENS

BORN—To Mr. and Mrs. W. Goodwin on September 21st, a boy.

BORN—To Mr. and Mrs. Turnbull on September 27th, a girl.

BORN—To Mr. and Mrs. J. A. Girard on October 5th, a girl.

BORN—To Mr. and Mrs. T. Hill on October 7th, a girl.

BORN—To Mr. and Mrs. W. Myers on October 8th, a boy.

BORN—To Mr. and Mrs. W. Nordstrom on October 8th, a boy.

BORN—To Mr. and Mrs. W. J. Villiers on October 10th, a boy.

LOSS OF TRADE CAUSED BY BAD GRADE AND BRIDGE

It is reported that the elevator at Fabyan is full and cannot take any more grain at present.

Mr. McPherson, owner of the "E" ranch, who farms on a very large scale was in town recently and stated that all the farmers in his neighborhood are compelled to haul to Fabyan on account of the almost impassable grade on the river hill at the bridge on the road at their ranch, which is directly north of Wainwright; this is diverting an immense amount of business to Fabyan, which would otherwise come to Wainwright. The government has helped the municipality, to such an extent that the Fabyan grade and hill has been greatly improved during the past year while practically nothing has been done on the bridge north of town. As it connects with one of the most fertile parts of our districts the matter is a vital one to the business men of our town and proper means should be taken to have this matter seen to at once.

When in town, cashing your Grain, Checks drop in and renew your subscription to The Star.

Oh you Irishman! Oct 26th.

Anian went up in an aeroplane and regained his voice when most men go up in the air they lose their head.

LOCAL NOTES

The usual meeting of the G.W. V.A. will be held on Saturday next in the Town Hall at 8 p.m.

Mr. and Mrs. W. Yeager left for Edmonton on Saturday for a few days.

Owing to difficulty in procuring a full orchestra the "Big Four" are discontinuing their fortnightly dances.

We are glad to know that Mrs. P. D. Laird, who last week was suffering from blood poisoning in her foot is now much better.

A pleasant and profitable time was spent at Grace Methodist church last evening when the trustees entertained the congregation at the annual banquet.

Miss E. Eggen, who for the past few weeks has been on the staff of our creamery, left for her home at Chauvin on Saturday last.

Keep your property in good repair and make your homes and buildings warm and comfortable for winter. Call in and see our full stock of building materials and let us figure the cost for you Atlas Lumber Co.

A whist drive under the auspices of St. Thomas' W.A. will be held on Friday evening next in the dining room of the Wainwright hotel which has been kindly lent by the proprietor. Cards start at 8.30 p.m.

MUCH LAND AVAILABLE AT GOOD REASONABLE PRICES

Owing to the rapidly approaching depletion of available Crown lands situated within a reasonable distance of a railway, attention is now being directed to the large extent of unoccupied and uncultivated land held by non-resident owners. As shown by statistics recently compiled in the Department of the Interior, a large part of these lands is available for purchase at reasonable prices.

The 1921 edition of the Southern Alberta Land Map which is issued by the Department of the Interior gives in color scheme the location of the uncultivated lands that are offered for sale and also the remaining Crown lands available for home stading, whereby the settler can see at a glance all existing opportunities for settlement. The map has also many other features of interest, such as Indian and Forest Reserves, Timber Berths, Dominion Parks, Land Districts, a n d Agencies, Railway lines and all topographical features revised to date.

The Department will supply upon application lists of unoccupied and uncultivated lands covering any particular district, containing the names and addresses of the owners, prices asked for the lands, nature of the soil and acreage suitable for cultivation. Negotiations may then be carried on with the owner.

A copy of this map may be procured free of charge upon application to the National Research Intelligence Branch, Department of the Interior, Ottawa.

GREENSHIELD GEMS

Mrs. E. E. Harrington and Mrs. W. T. Morrison were delegates from the Greenshields Union at the W.C.T.U. Provincial Convention held in Edmonton last week. They returned on Friday evening, having thoroughly enjoyed the sessions.

The Convention speaker, Mrs. LaFrance, of Florida, addressed the Greenshields W.C.T.U. at the home of Mrs. H. A. Cheatan on Friday afternoon. Her report of the great success achieved by this organization all over the continent was very interesting and encouraging to the members. After the meeting a dainty lunch was served by the hostess, assisted by Mrs. Lord and Mrs. Norrington.

Mr. and Mrs. Vallau of Picton who have been visiting at the home of their son, Mr. R. H. Vallau, are leaving again for the East on Tuesday.

MEIGHEN SUPPORTERS BATTLE RIVER RIDING TO HOLD CONVENTION

Supporters of the Meighen Government in the federal riding of Battle River are swinging into action. A convention is called at the 18th day of October for the purpose of organizing and of nominating a candidate for the riding. All the polling stations, as at the prohibition election in 1920 are asked to send delegates to this convention, the basis of representation being one delegate for every 100 electors or portion thereof. The work of organization has been going on quietly the past few weeks and it is expected that there will be a very representative gathering. All supporters of the government irrespective of former party affiliations are asked to assist in the making of this Convention a big success. A Mass meeting will be held in the evening at which several prominent speakers will take part.

Matches through separator cause fire to granary.

We learn that a straw stack and granary in which were several hundred bushels of wheat were burned last week on the farm of Mr. W. J. Seale near Battle River schoolhouse. From what we gather it is surmised that the conflagration was caused by unlit matches being passed through the separator. After a deal of hard work Mr. Ed Symes, the owner of the machine succeeded in saving both engine and separator.

There is considerable grain yet to be threshed north of the river on account of its late ripening, and such an accident as this is somewhat of an added setback. Much of the grain in the vicinity of town is now threshed out, and a large percentage of it hauled to town.

The rural registrars will furnish a typewritten or business form copy of his or her preliminary list, fifteen days before polling, to each candidate, and a copy of the additions not later than six o'clock the morning of the polling. The rural lists will not be printed as they are really open until the polls close election day.

THE NEW POSTAGE RATES EFFECTIVE OCTOBER 1st.

They are as follows:—Canada, United States and Mexico, 3c for first ounce, and 2c for each additional ounce.

Great Britain and all other places within the Empire, 4c for the first ounce and 3c for each additional oz.

All other countries, 10c for first oz. and 5c for each additional ounce.

On account of pressure on our space this week much interesting news is held over, including the balance of the awards at the Fall Fair.

TWENTY YEARS AGO

Ladies wore bustles. Cream was 5c a pint. Nobody swatted the fly. Nobody wore white shoes. Milkshake was a favorite drink. The hired girl drew \$1.50 a week. Nobody listened in on a telephone. Most young men had "livery bills." You never heard of a "tin lizzie." Nobody cared about the prize of gasoline. The butcher threw in a chunk of liver. Folks said pneumatic tires were a joke.

ASCOT SCHOOL REPORT

Enrolment for September—137 number of days school was open during month—21; percentage of attendance—50.1.

Names of pupils in order of merit: Grade VIII—Amy Alexander, Wallace Wheaton. Grade V—May Aldridge. Grade IV—Jack McQuaker. Grade III—Gertrude Ebbert, Margaret McQuaker. Grade II—Robert, Alexander. Mary Ebbert. Grade I, Sr.—Mabel Rinas. Annie McQuaker—Equal.

Grade I, Jr.—Oliver Alexander, Margaret Goodyard, Grace Ebbert. Miss M. M. Kain, (teacher)

THOSE QUALIFIED TO VOTE IN FEDERAL ELECTIONS DEC. 6

The war time elections act of 1917 is dead and gone forever and will have no application to the forthcoming elections. Nor will the Scott Act and elections list be of any legal force.

Under the new elections act a British subject by birth or naturalization is entitled to vote if he or she is 21 years of age, resident in Canada for one year and in the constituency for two months at the time of the issue of the writ. In cities and towns of over 2500 population a person to be allowed to vote must have his or her name entered on the voters list before election day.

In towns and villages of 2500 or less of population and in rural municipalities, persons otherwise qualified whose names are not on the lists may vote by declaring on election day that they are entitled to vote, and at the same time have a voter resident in the same roll whose name is on the list swear or declare to the qualifications of the applicant.

Once the election writs are issued, lists will be revised in every polling division in Canada and the basis of these lists will be the provincial lists as used in provincial elections any time within the past two years, except in such provinces where, since the provincial elections, new lists have been prepared by sheriffs or municipal or other officers or as a basis of provincial lists. To any such provincial lists will be added names of persons now qualified and names of non-qualified persons may be struck off. In provinces where there are no provincial lists, then the basis for the lists will be the voters lists for the present elections. Notices will be posted in all the polling divisions, rural and urban, setting forth the days given to the revision of the lists.

The rural registrars will furnish a typewritten or business form copy of his or her preliminary list, fifteen days before polling, to each candidate, and a copy of the additions not later than six o'clock the morning of the polling. The rural lists will not be printed as they are really open until the polls close election day.

RIBSTONE RAMBLES

"Star" Correspondence

It is with regret that we record the death of John H. Young, of La Pearl district, near Ribstone. The deceased, who was 18 years old, was the victim of a shooting accident, as recorded in a recent issue of The Star. Death took place at hospital in Edmonton, on Saturday, October 1st. The funeral, which was very largely attended, took place on Tuesday at La Pearl the service at the house being conducted by the Rev. M. Mitchellson. Adjournment was then made to the La Pearl church, where a sermon was preached by the Rev. E. H. Maddocks. Grand Chaplain of the Royal Orange Association, of which the deceased was a member. The concluding rites at the graveside in the adjoining cemetery were in the hands of Messrs. J. I. Sawyer and R. V. Campbell of Royal Orange Lodge No. 2534 of Edmonton.

Much sympathy is felt for the bereaved parents and family.

WOMEN'S INSTITUTE HOLDS REG. MEETING

A regular meeting of the W. I. was held at the home of Mrs. Middlemass on Saturday October 8th. 15 members were present. Prayer was said and the usual business was transacted including presenting Mrs. J. Chynoweth with the W. I. badge. As she held the third lucky number 417.

Also Mrs. J. Chynoweth offered her home for a social evening on October 21st everyone to wear a symbol to represent the title of a book and prizes will be given to the one guessing the greatest number of books.

Mrs. Lake, Mrs. Chynoweth and Mrs. Wilson, served a dainty lunch which was enjoyed by all. Mrs. M. E. Murphy of Minneapolis is visiting her brothers Elmer and Walter Jackson.

Town of Wainwright

SALE OF LANDS FOR ARREARS OF TAXES

NOTICE IS HEREBY GIVEN that the Lands described herein, being situate in the Town of Wainwright, in the Province of Alberta, will be offered for Sale by PUBLIC AUCTION for Arrears of Taxes and Costs as shown hereunder, unless such Taxes and Costs are sooner paid.

The Sale will take place in the Council Chamber of the Town Hall, on WEDNESDAY the 30TH DAY OF NOVEMBER, 1921, at the hour of ONE THIRTY O'CLOCK P.M.

Certified a Correct List

(Sgd.) H. Y. PAWLING,

Secretary-Treasurer

World Happenings Briefly Told

Sir John Raddley was elected Lord Mayor of London. He succeeds Lord Mayor James Rolfe, whose term has expired.

Sadi Lecolante in the Ville Sauvage airplane, lowered his own world's air speed record by flying at the rate of 330 kilometers, 275 meters (205 miles, 169 yards) per hour.

According to a report read to the Port Arthur City Council, five thousand men will be out of work there by the middle of winter. This report was sent to the minister of labor.

Average gross profits of over 500 per cent. have been made by arrachair lunch counters in Boston. In some instances the profits have been found to run as high as 500 per cent.

Reuters Capetown correspondent says that the Union of South Africa loan for five million pounds sterling for various public works has been subscribed.

Coal output from the Alberta mines up to the end of July this year was 2,759,583 tons, more than half a million tons less than last year for the same period, when the amount mined was 3,557,817 tons.

Because it had been given to her by a friend who was killed in the war, sold-up men at New York permitted a young woman to retain a wrist watch, after taking all her other valuables.

It is charged that immigration officials at Ellis Island are separating parents at Ellis Island from children, the parents being admitted and their children sent back, because they happened to arrive after the quota had been filled.

Sixteen years ago Mr. and Mrs. Schneider arrived in Garner, N.D., from Litchon, N.D., 400 miles, using a horse and rig, after a 10-day trip. Recently they made the same trip in eight hours in an airplane with their son as pilot.

The Third Internationale of Moscow has sent a wireless appeal to the workmen of Europe to black army and munitions shipments to Poland, Roumania, Esthonia, Latvia and Finland, charging that a war was being prepared by Poland and Roumania against Russia.

Robert Donald, well known journalist and for several years chairman of the Empire Press Union, has written a letter to the London newspapers commenting on the absence of any scheme for constructing an imperial wireless telegraph chain. No better way of supplying useful and necessary labor for the unemployed can be found, he said, than through the erection of wireless.

Takes Electricity From Air

New Generator Consists of Wire, Iron and Minerals.

Demonstrations have been made on the streets of Denver of a new electric-generator that is claimed by the inventors to take electricity from the air.

The inventors are J. E. Ammann, of Denver, and his brother, C. E. Ammann, of Spokane, Wash.

To demonstrate, the brothers borrowed an old electric auto, took out the batteries and after roping their new "atmospheric generator" fast, they got in and rode off at a high speed.

"There is nothing inside the drum that moves; the contents consist only of iron, wire and minerals," says C. E. Ammann.

"It can be used to drive any electrical apparatus and can be made to any size."

The brothers are closely guarding their secret, and even take their "brain-child" when it is not in use, to their room in the Argonaut Hotel. So far the brothers have not offered to sell their proposition.

Electrical men in Denver are waiting "to be shown," but they grant the thing works.

MUCH ILL-HEALTH DUE TO BAD BLOOD

If the Blood is Kept Rich and Red, You Will Enjoy Health.

More disturbances to health is caused by weak, watery blood than most people have any idea of. When your blood is impoverished, the nervous system suffers from lack of nourishment and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders try building up the blood with Dr. Williams' Pink Pills. These pills have a special action on the blood and as it becomes enriched your health improves. The value of Dr. Williams' Pink Pills in cases of this kind is proved by the experience of Mr. D. J. McDonald, North River Bridge, N.Y., who says: "For some years I suffered severely with headaches, pains in the back and a run-down condition. At times the pain in my back would be so bad that I would sit up in bed all night. From time to time doctors were treating me, but did not give me more than temporary relief. And then one day when I was suffering terribly a neighbor came to see me, and urged me to try Dr. Williams' Pink Pills. After taking two boxes I felt better. I got five boxes more and before they were all gone I felt as though they were giving me new life, as in every way they built up and improved my health and strength. I am now working as a harker in a pulp mill, ten hours a day and feeling none the worse after my day's work. I say with pleasure that this condition is due to Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 6 cents a box, or six boxes for \$3.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Impediment.

The clergyman was solemnizing the marriage of an elderly couple the other day in the feds of Lincolnshire. All went well until he required and charged them both that if they knew of any impediment they might not be lawfully joined together in matrimony they were to confess it. "I'm all right, mister," said the bridegroom, "but Martha, she likes a bit."

A Practical Boy.

Teacher.—Which of the song birds do you like best, Tommy?

The nightingale or the thrush?

Tommy.—I prefer the hen.

Teacher.—But the hen doesn't sing.

Tommy.—I know, but it's the only bird whose milk I care for.

Our slogan for the coming year should be, "Buy at Home." Add to your own and your neighbor's prosperity by keeping the money circulating in our own district.

Health First POSTUM

"There's a Reason"

This is the start of a better day

There's satisfying comfort and cheer in a breakfast cup of Postum, and there's no disturbing element to irritate nerves or digestion and leave mental energy lagging before the day is done.

Thousands of former tea and coffee users have found that Postum meets every demand for a delicious table beverage, and brings steadier nerves, clearer mind—better health.

As many cups as you like with any meal—no after-regrets.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Lace Trimmed Nightgown Of Crepe de Chine

By Marie Belmont

The tendresse in dress are often reflected in other realms of apparel. The nightgown illustrated is fashioned from a rich quality of flesh-colored crepe de chine. It repeats the style tendency of the dress in the sashes that are tied at the side. These are made of double faced ribbons which show pale blue on one side and flesh on the other. The square cut decollete is outlined with fine val lace and insertion and partly hidden under the fine mesh of the lace appears the narrow ribbon which is tied in a dainty bow in the centre front.

Preparing For Winter

BY LORETTO C. LYNCH

An Acknowledged Expert in All Matters Pertaining to Household Management.

Too often winter approaches only to find the home maker totally unprepared for it. Unfortunately, therefore, there is very often much unnecessary distress as well as expense during the cold season. The thrifty housewife goes over her home thoroughly during the fall days and makes a note of needed repairs or alterations. So, whether you own the house in which you live or rent it, you should make stock of its condition. For instance, in the heating plant in working order?

Where it is possible, the coal supply should be acquired as far in advance of actual winter as possible. It is good forethought to make a fire in the early fall just to test out the equipment.

Then there is the matter of weather stripping and double windows in the really cold climate. Experts tell us that there is a great saving in fuel where these appliances are used. The handy man of the house can easily measure for and apply weather strippings. It takes, however, a professional to make really effective double windows.

It is the part of wisdom to have the roof of the house gone over very thoroughly for leaks. Gutters and leaders should likewise be gone over.

When taking down the hangings and curtains of summer they should be cleaned, aired and washed and labeled so as to be available at a moment's notice when the warm days return. Summer clothing should be gone over, and only what is really available for further use should be granted storage space.

There are many poor folks in the warmer parts of our country who might be able to make immediate use of summer attire you no longer want.

Porch furniture should be cleaned and varnished either in newspaper or burlap. If it needs repainting, fall is a good time to do it. A stiff brush and some soapy water to which has been added a little ammonia will prove effective in cleaning red or willow furniture.

Care must be taken not to store porch furniture if they are taken from the porch. The covers should be removed, carefully laundered, wrapped and labeled. The pillows themselves may be washed by swabbing about in hot soapsuds until the dirt is thoroughly loosened. The pillows should be well rinsed and hung on the line to thoroughly dry. Winter covers may be put on these pillows.

The thoughtful housewife will see to it that every member of the household is provided with rubber overshoes and rainproof coats far in advance of the real cold days. It is well to print name and address in indelible ink on the lining of the school child's rubbers. Go over the umbrellas and see that they are in usable condition. These suggestions will help make the household run smoothly during the cold days to come.

WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. M. M. W. LINDSEY, 810 Robinson St., Regina, Sask.

If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dread of impending evil, dizziness, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Lindsey.

Otherwise, No!

"I see by the paper that a woman can live on nine cents a day."

"Nine cents when it's her own money, they mean."—New York Sun.

The officer a man falls the more he is addicted to the advice-giving habit.

"If a boy is lost he's a wait for home."

SUNDAY SCHOOL LESSON

LESSON FOR OCTOBER 9.

PAUL AT EPHESUS.

I. John's Disciples were Christians (vv. 1-7).

These twelve disciples had only been taught the baptism of repentance as a preparation for the kingdom of God. Paul taught them to believe in Christ, that is, to receive Him as the One who had of the cross provided redemption for them.

II. Paul Preaching in Ephesus (vv. 8-10).

In the Jewish synagogue (v. 8). His message is characterized by: (1) boldness. He realized that God had sent him and that His authority was back of him. (2) Reason. He reasoned with them. God's message is never sentimental nor arbitrary, but is based on the highest reason. (3) Persuasion. It is not enough to come boldly with a reasonable message; it must be accompanied by persuasion. (4) Concerning the kingdom of God. He did not discourse on current events, literature, or philosophy, but upon the message of salvation through Christ.

2. In the schoolhouse of Tyrannus (vv. 9, 10). Paul's earnest preaching only hardened the Jews. When they came out and spoke openly against him, this was of satisfaction in Christ. Paul separated the disciples from them and retired to the schoolhouse of Tyrannus.

III. God Working Miracles by Paul (vv. 11-16).

So wonderfully did he manifest His power that heads of the household and the sick and cast out evil spirits from those whose lives had been made wretched by them.

IV. A Glorious Awakening (vv. 17-18).

For fell upon all (v. 17). News of the casting out of these evil spirits created impression favorable to Christianity.

2. It brought to the front those who professed faith in Christ while not living right lives (v. 18). They believed but had not broken from sin.

3. Gave up the practice of black arts (v. 19). This means forms of jugglery by use of charms and magical words. All such are in opposition to the will of God; therefore no one can have fellowship with God and practice them.

They proved the genuineness of their actions by publicly burning their books. Though this was an expensive thing—valued at about \$12,500—they did not try to sell the books and get their money back. When you find you have been in a wrong business, make a clean sweep of things; burn up your books on Spirituality, Christian Science, etc., empty your whisky and beer into the sewer, and have a tobacco party similar to the lemon tea party.

4. Uproar of the Silvermiths at Ephesus (vv. 23-24). (1) The occasion (vv. 23, 24). This was the power of the gospel in destroying the infamous business of Demetrius and his followers.

Demetrius, a leading business man, whose business was the stay of others of a similar nature, called a meeting and stated that much people had turned from idolatry and that the market for their wares was materially weakened. He appealed to his fellows (a) on the ground of business, saying: "This our craft is in danger of being set at naught" (v. 27). (b) On the ground of religious prejudice. He said: "The temple of the great goddess Diana should be destroyed" (v. 27). He became quite religious when he saw that his business was being interfered with. His speech gained his end, the whole crowd was enraged and yelled in unison, "Great is Diana of the Ephesians." The mob was quickened by the tact and good judgment of the town clerk.

Ask for Mirand's and take no other

Curious Trap Found

Mysterious Object Said to be at Least 1,800 Years Old

A curious object, believed to be some kind of a trap for animals, has been found in the Moss of Angharaway by Mr. Pierre, of Peterhead. It consists of a piece of oak 47 inches long by 16 inches wide, flat on top and bottom, and tapering slightly to the ends, through which in the centre, there is an oblong hole with the upper edge bevelled to meet a tray door underneath.

This is held in place by a longitudinal bough spring fixed in place by a pin at each end. When any weight comes on it it falls down, the bough spring moving to one side, and when the weight is removed it is closed again by the spring. The trap, or whatever it is, was found seven or eight feet from the surface, and as, according to Louis Figuier, it takes two feet more than 400 years to grow, the mysterious apparatus, on that calculation, would be at least 1,600 years old. There is, however, no other evidence as to its age.

Mirand's Liniment used by Physicians

A frozish fish six months out of water is chemically fresher than a fresh fish three days out of water.

GOOD! Because Its Fine Qualities Are Protected by the Sealed Package

Financed by British Interests Would Employ Over 300 Men.

The City Council approves of tentative offers made by the commission, Calgary will have a boot factory in a short time, employing more than 300 men. The concern which may be there is financed by British interests and the city commissioners have recommended that a 59-year lease, on easy terms, be granted.

Only the uninformed endure the agony of corns. The knowing ones apply Holman's Corn Remover and get relief.

Speech Sent From Vancouver to London in 45 Minutes.

A telegraphic achievement was recently performed at Vancouver when Lord Northcliffe's speech before the Canadian Club, was cabled to the London Times through the Imperial Cable in the remarkable short time of 45 minutes. The meeting of the Canadian Club in Vancouver was held at 1 o'clock in the afternoon—that is, 9 o'clock London time. A start was made with telegraphing the message at 2 o'clock (10 o'clock London time), and the full dispatch was received in London at 10.45 (2.45 in Vancouver).

Corns, Warts, Bunions Painlessly Removed

Don't limp any longer, don't suffer another hour from corns. The oldest remedy and the best, the one that for fifty years has proved a true success, will lift out your corns in a hurry. Putnam's Painless Corn and Wart Extract is the one to use. It cures a substitute, 25c everywhere.

Famous Millionaire Starving at Thirty

At thirty, Dr. Edward Acheson, the inventor of artificial graphite, was starving in London, and he might have died but for the kindness of a working-class family whose acquaintance he had made. Not until he was near fifty years of age did Fortune change her frowns for smiles. Today he is classed among American millionaires, and his fame has spread to all parts of the world.

Homestead Entries Increase.

Homestead entries in Saskatchewan district for the month of August total 72 as against 12 for the same month last year. Land sales revenues increased from \$112 to \$707.

The Perils of Neglect

Digestive ailments are frequently neglected. People say "It's only a touch of indigestion—it will go away." What begins as simple discomfort is allowed to become a serious chronic ailment. Never neglect the treatment of digestive derangement. To relieve disorders of stomach, liver, kidneys and bowels, Beecham's Pills act promptly and usually overcome the difficulty. Take

BENEFITS FOR TRADE MUST BE MUTUAL

The recent instructions to United States Consuls in Canada to assist by every means in their power the restoration of exchange between the two countries to a more normal level, will come as a rude shock to those who think that trade is chiefly a matter of tariff legislation. This is quite apart from the question of the relative merits of free trade and protectionist policies. It is based upon the fundamental law of trade, that in order to sell we must be prepared to buy. Trade consists not in the exchange of goods for money, but in the exchange of goods for other goods or services. Money is used of course but merely as a means of facilitating the exchange. Goods are first sold for money, but unless the money is used to buy other goods it is useless. Any tariff is a tax levied by the government on imports and the effect is to reduce the amount of goods which the foreigner will obtain in exchange for the goods and the effect is to reduce the amount of goods which he exports to that particular country. If the tax reduces the foreigner will obtain in exchange for the goods he exports to that particular country. If the tax reduces this too much he foreigner will naturally go where he can get better returns and the trade is lost.

In normal times when exchange between countries was around par this was not so clear, but now when the majority of countries are operating with a depreciated currency, the real situation is gradually becoming more apparent.

A very hopeful sign in the instructions above noted is that the Consuls are to investigate opportunities for desirable investments for American capital. Such capital does not come to Canada in the shape of money. American money is no use here; it must be sent back to the United States to be used and it will therefore reach us eventually in the form of goods. This is true whether the goods come in at the time, or whether, as is the case at present, the goods have already come in and have to be paid for. The payment which we make must be in the form of goods, whether payment be delayed or not. If payment could be made in gold it would still be in the form of goods, as gold is a commodity, whether in the shape of coin or bullion, and is exchanged by weight. All that a coin indicates is the weight and fineness of the metal it contains and Jevons' definition of a coin is "An ingot of which the weight and fineness are guaranteed by the government, and certified by the integrity of designs impressed on the surface of the metal."

If American capital comes in as a result of the Consuls' investigations, one thing is certain: it means that in time the United States tariff must be adjusted to permit the import into that country of Canadian commodities at a profit to the Canadian exporter. Trade if it is to exist, must be mutually profitable to both buyer and seller.—Financial Post.

HELP TO KILL THE FIRE DEMON

In comparison with any other line of business, the retailer seems unfortunate. More fires start in stores than any other place, and the loss, instead of diminishing, is getting heavier. The merchants are dealing with a highly combustible material and too much care cannot be exercised in guarding against fire. Every man woman and child in the Dominion suffers more or less directly financial loss because of our enormous annual fire wastage. Millions of dollars go up in smoke every year, and compared with any other country per capita loss from this cause Canada's tax to fire is appalling. The worst feature is that ninety-nine out of every hundred fires are preventable and due to carelessness.

For a number of years it has been our custom to observe Fire Prevention Week, but unfortunately, too many of us seem to have the impression that it applies to the other fellow—as long as our property is insured "we should worry." This is a short-sighted attitude, and one that is directly productive of the carelessness which is the first step toward fire.

Fire Prevention Week starts October 9th. It should not be lost sight of as an opportunity for each one of us to apply it to our property in spirit and letter. Fire Prevention Week is an annual reminder that we need to clean up rubbish piles—those breeding places for the fire demon. It is a reminder to safeguard the heating apparatus, which will soon be needed, so that it will function without getting out of control.

Stove pipes should be cleaned, and thin, burned-out sections replaced. Old paper and rubbish, inflammable material of every kind should be disposed of. Electric wiring overhauled, tin receptacles prepared for oily rags, and warnings posted urging smokers to be careful of cigar and cigarette stubs and matches.

Canada is a young nation. She needs to conserve her resources instead of burning them up at a greater rate than perhaps any other country on the face of the earth.

One trouble with the country is that it has too many people in it who would rather be a \$1 an hour man out of a job than a 50 cent an hour man on a payroll.

MORTGAGE SALE OF FARM PROPERTY

Pursuant to the judgment and final order for sale there will be offered for sale with the approval of the Master in Chambers, Edmonton, Alberta of the Judicial District of Edmonton, by Stephen R. Bowerman, auctioneer, at the Town Hall in the Town of Wainwright, Alberta, at T W O O'CLOCK in the afternoon on SAT. 22nd Day of OCTOBER A. D. 1921, the following property, namely:

The South-West Quarter of Section Sixteen (16), Township Forty-seven (47), Range (5) West of the Fourth Meridian in the Province of Alberta, containing by admeasurement One Hundred and Sixty-one (161) acres, more or less, excepting thereout all mines and minerals.

The terms of the sale to be ten per cent cash at the time of the sale, and the balance of the purchase price to be paid into Court within sixty days from the date of sale without interest, or in the alternative ten per cent, as aforesaid, the execution of a mortgage by the purchaser for the sum of Four Hundred (\$400.00) Dollars and the remainder of the purchase price to be paid into Court within sixty days from the date of sale without interest.

The mortgage shall be for a term of three years, repayable three years from the date of the sale and shall bear interest at the rate of Eight (8) per cent, per annum, payable half yearly from the date of sale.

The above property will be offered for sale subject to a sealed reserved bid and free from all encumbrances save such reservations and conditions as may be contained in the existing Certificate of Title and in the original grant from the Crown.

The vendor is informed that the above property is about twenty miles from Wainwright and about five miles from Gilt Edge with a school about three miles distant. The soil is said to be a sandy loam. About fifty acres have been under cultivation and about twenty more could be broken. There are some buildings on the place, namely: a shack, a barn and a granary. The place is partly fenced.

For further particulars and conditions of sale apply to Messrs. BOOTHE & MORROW Barristers, etc. 910 McLeod Bldg. Edmonton, Alberta

Dated at Edmonton, Alberta the 15th day of September, A. D. 1921.

R. P. WALLACE Clerk of the Court

Approved: A. Y. M. Master in Chambers

The "Hello" girls in Old Kentucky must be a good-natured, obliging class of girls. The story is told that a woman in that state who wanted to visit a neighbor placed her baby's crib in front of the telephone then, leaving the receiver down, asked central to call her up if the baby cried.

Furnace Heat For The Farm Home

Enjoy comfortable warmth in every room. Be free from the dirt, drudgery and danger of stove heating. Save one-third to one-half of fuel expense by installing a Findlay Pipeless Furnace.

Findlay Pipeless Furnace is positively guaranteed to heat your home through one register.

Findlay's PIPELESS FURNACE

And Findlay Pipeless Heat is sanitary, Balmey, comfortable, heat, automatically provided and kept at just the right degree of humidity to ensure the most healthful conditions. The heat from the Findlay goes into the house—while the cellar remains cool, permitting the storage of food.

It just takes a day to install. No tearing up of walls for pipes and registers. No expensive plumbing. No costly alterations. An ideal heating system for farm homes.

Fill in and mail the attached coupon. We will send you by return detailed information and copies of grateful letters from people whose homes have been made warm and comfortable by Findlay's Pipeless Furnace.

Monitored by Findlay Bros. Co. Limited, Carleton Place, Ont.

Here Is What Certain Farmers Say

Oak Park Stock Farm R. R. No 4, Paris Ont.
Mr C. J. Mitchell, Ford Dealer,
Brantford, Ont.

Dear Sir—

With reference to my Ford Truck, I would say that until the time that I had purchased and had used same I never knew what I had missed.

I have had great service from this truck, and consider it one of my best investments, from the standpoint of cheap and fast haulage. With reference to capacity of loads, I have taken advantage of same and have had 4,200 lbs on it, which the truck hauled with ease. I am using it for all lines in farming that are possible, from the carrying of implements, grain and for shipping of cattle.

My conclusion is that I have one regret that I did not own one sooner.

Yours very truly,
H. H. Bailey.

The Way to Save

It is the systematic regularity with which you make small deposits, rather than the occasional banking of a considerable amount, that steadily builds up a substantial financial backing.

Get the habit of definitely depositing. Three dollars saved every week, with interest at 3% compounded semi-annually, in five years will amount to \$841.02.

UNION BANK OF CANADA

THE HARDWARE MAN

HAPPENINGS OF LOCAL INTEREST

The Passchendaele school district through picnics and other activities, have arranged for a commodious, warm barn to be built on the school grounds. Mr. J. Craig of Irms is doing the work and the lowest tenderer, the Atlas Lumber Co. was successful.

On account of increased work in the yards here, several new men are now employed in addition to a complete new switching crew.

Mrs. L. C. McKinney, is slated to appear in Wainwright at the end of the month in furtherance of temperance and reform work.

Quite a nice crowd listened with interest to Mrs. Lora Lamance, on the occasion of her visit to Grace church and Green shields, in the interest of the W. C. T. U. last Friday.

Ratepayers are asked to note that the discount on current taxes paid during this month will be 5 p.c. Worth saving too!

The Rev. E. C. Tanguay, of Quebec, who was visiting his brother in town has now left for a stay in Edmonton.

Oh you Irishman! Oct 26th.

From the way Magistrate Dawson has worn his head gear lately, he must have made a hit with a milliner (or a florist)!

After a long stay with relatives and friends at their old home in the east, Mr and Mrs. Cork returned home on Friday last.

Oh you Irishman! Oct 26th.

The C.G.T. class of Grace church are preparing a "Mother and daughter banquet" for Thursday evening. The members and their mothers will be present.

WAINWRIGHT

Mr A. Souter, the municipal inspector was in town at the week end on his usual official visit.

We are glad to know that Mrs A. E. Mills who has been on the sick list with an attack of tonsillitis is now getting along nicely.

A few high-grade Tulip and Daffodil Bulbs left at The Wainwright Pharmacy, planted now these will bloom at Christmas.

Mrs C. Burbeck is in town from Edmonton with her daughter Barbara on a short visit to her mother Mrs Limpert.

A number of the Edgerton boys of the I. O. O. F. visited the local lodge on Monday night when a real fraternal time was spent before the break-up.

I am not sick! but I am willing to DYE for you—J. Forrest, Second avenue.

Mr G. Graham left on Monday's train for Edmonton to undergo treatment at the Military Hospital.

The Women's Institute are arranging a "Book Social" at the home of Mr J. Chynoweth (3 miles east of town) on Friday October 21st. All are asked to dress to represent a book title and prizes will be given for the best character.

A large number of yak arrived last week from Banff to be placed in the National park here.

Get an "Eveready" Flash-light at the Wainwright Pharmacy just the thing for these dark nights!

Mr Jonkins, the man who invented the famous Twin City separator was in town from Minneapolis this week visiting. Mr W. Goulet.

Mr W. E. Mills has been gazetted as returning officer for the Battle River riding for the federal elections which are slated for December 6th next.

Mr J. Primrose was a week end visitor at his parental home.

The Ladies Aid of Grace church will hold a Halloween party in the parsonage on Monday, October 31st and a bunch of surprises are in store.
